CULTURAL RESOURCE CONSULTANTS

This list provides the names of individuals and firms who hold a current General Archaeological Investigation Permit for archaeological investigations on state land. Some firms also hold an Annual Unmarked Human Burial Excavation Permit, as indicated by the * next to their name. Firms who only hold an Annual burial permit are listed at the end of this document.

This list is distributed for the convenience of those who might need the services of a cultural resource consultant. The Historic Preservation Division does not guarantee or recommend the work of anyone on this list and we advise everyone to check references and obtain at least three bids for each project. Please contact Andrew Zink at (505) 827-4040 if you have any questions regarding this list.
